McKinney, Texas (October 14, 2013) - David Craig, Craig International President and CEO, is pleased to announce that Traxxas' first building is now complete and is setting the standard for companies that will soon make their home in Craig Ranch's employment district.

Distinguishable by its stunning architecture, the Traxxas headquarters is a perfect example of the state-of-the-art, high quality corporate build and modern design that the McKinney community can expect to see more of in the future. The incredible access, amenities, and lifestyle that Craig Ranch has to offer are sure to continue to attract businesses of all sizes.

In addition to the positive commercial developments in Craig Ranch, including new construction activity in the McKinney Corporate Center Craig Ranch, the city approved the developer's request to change some areas of commercial zoning to residential use due to the high demand for additional residential offerings at the crossroad of Collin County.

Commercial property fronting Custer Road between Collin McKinney and Tour Drive will be converted to residential. In addition, the land north of Stacy Road,

along Custer, will be used for multi-family, residential and retail in response to the high market demand in beautiful McKinney, Texas.
